PROJECTS

Hotel Managment System (12/2021 - 03/2022)
- I made this project of mine for the final year of final BCA. The name of this project was Hotel Management System. In that project I added facilities like single room booking, multiple room booking. This project was built with MERN stack in which my role was front-end developer.

Portfolio (08/2022 - Present)
- This project is about me and this project is a portfolio website. In which I have added my web development, my education, my certificate, my skills. This project is built in React JS, HTML, CSS, JavaScript and Material UI.

Todo-List (09/2022 - 09/2022)
- This project is not a to-do list. I made this project to develop my coding skills. This project can be made from React JS , CSS , HTML and JavaScript. So I have used React's hooks.
